

GAS *PS3M82/84*

The PS3M series is a heavy duty, high quality SPL speaker with a twist! The extremely high sensitivity and the high grade components makes this the perfect choice if you want to play really loud, but if you combine it with the GAS CF3G 3" full-range speaker and a GAS SPL tweeter you get a 3-way system that comes close to a (loud) SQ setup. The PS3M82/84 has an aluminium basket, a paper cone, a 1,5" voice coil, push terminals and a copper shorting ring that greatly reduces distortion. The robust design together with the included honey comb grilles gives it an aggressive look to go with the outstanding performance!

- 8" Midrange
- 125W RMS / 250W MAX
- Frequency range 50-4500 Hz
- Aluminium basket
- Paper cone
- 1,5" voice coil, 2 Ohm (PS3M82) or 4 Ohm (PS3M84)
- 97 dB sensitivity
- Sold in pair!
- Copper shorting ring
- Grilles included

Technical Specifications:

Component: Midrange woofer

Size: 8" 200mm

Power Handling (RMS): 125W

Power Handling (MAX): 250W

Impedance: 2 Ohm (82) 4 Ohm (84)

Frequency response: 50-4500 Hz

Sensitivity: 97dB 1W/1m

Mounting Depth: 83mm

Mounting Hole Diameter: 180mm

Electro-Acoustic Parameters - Voice Coils in Series
